"The Columbia State and The Dillon Herald," says the Latta Observer, "will please note the fact that we have tendered the Chair of Poesy on the Staff of 'The Observer' to the 'Poet Laureate' of Latta. His native modesty forbids us announcing his name, and while he will write over the signature 'X' his genius is not an unknown quantity in this locality." The foregoing is well said and if the few lines in the last issue of The Observer are a sample of what is to follow the only mistake out Latta contemporary has made is in not labeling the contributions "XXX."

"How few citizens of Mullins realize what a great help The Enterprise is to the town and community" is the opening paragraph of an editorial in the Mullins Enterprise on the value of the local paper to the town in which it is published. There is no questioning the fact that The Enterprise has been and still is an important factor in the development of Mullins. It stimulated an interest in the culture of tobacco in the vicinity of Mullins and it was through the columns of The Enterprise that the world found out that Mullins was the largest tobacco market in South Carolina. It has been a potent factor in the industrial development of Mullins and while, no doubt, other agencies furnished the means to execute, the planning was done through the columns of The Enterprise, and the result has been the establishment of a town which is the joy and pride of all its citizens. In doing this The Enterprise has only done its duty, but after one has done their duty, can they do more?

To the Voters of Dillon Co.

I hereby announce myself a candidate for the office of Coroner, and I promise if elected I will discharge the duties of the office to the best of my ability.

It is not necessary for the coroner to view the body; that is left to the jury and examining physician.

The duty of the coroner is to swear the jury, the physician and take the testimony. As I have a type writer adapted to the blind I can take the testimony. The coroner of Fulton Co. Ga. is a blind man and is giving entire satisfaction as will be seen by a certificate from a Georgia official in another column.

Yours Respectfully,
B. F. Gasque.

The following is published for the information of my Dillon county friends:

Atlanta Ga., Jan. 28th., 1910.
Mr. B. F. Gasque,
Dillon, S. C.

My Dear Sir:—

Yours in regard to office of coroner for this, Fulton county, Georgia, has been received and in reply I beg to say that Mr. Paul Donoho, who is totally blind, has filled that position for something more than a year. So far as I know or believe, he has given entire satisfaction. If he is not I feel sure it would have to my knowledge and as stated, I have heard of no complaint whatever.

Respectfully,
H. L. Culbertson,
Treasurer Fulton Co. Georgia.

KILLED BY DYNAMITE EXPLOSION.

Florence Times:

A very deplorable accident occurred at Society Hill Thursday night in which Mr. Robert Riley, a well known and highly esteemed young man in the employ of the Ferguson Contracting Company lost his life.

It is stated that Mr. Riley had a piece of dynamite in his hand and it exploded tearing his hand into sausage meat and horribly mangling his arm and also gashing his body in many places. The accident occurred at Gandy siding about the time the Darlington and Cheraw passenger train in charge of Capt. Jeffords arrived at that station. The injured man was taken aboard the train and carried to Society Hill and turned over to the superintendent of the camp. He was brought to Florence on the next train and taken to the infirmary where he died of his wounds Friday night.

Bond Issue for Railroad.

The general assembly has passed an act authorizing the county board of commissioners of Dillon county to issue bonds for the purpose of aiding in erecting and furnishing a court house and jail for the new county. The act also provides for a special commission whose duties and powers are prescribed in providing for an annual levy for the purpose of paying the interest on the bonds and to provide a sinking fund for the redemption of the bonds. The commissioners now have on hand \$25,000 contributed by the Messrs. Dillon and the object of the bill is to give the voters of the new county an opportunity to say whether they want a better court house and jail than can be erected for \$25,000. There is much difference of opinion on the matter. It has been said that the new county might as well erect suitable buildings in the beginning and not start off housekeeping in cramped quarters while others maintain that the \$25,000 now in hand is sufficient for the erection of suitable buildings. However, the question is up to the people and they will have an opportunity to express their preference in the matter at the election which will be held sometime this spring.

Officer Shoots Negro.

Carvin Smith, a young negro man was shot in the fleshy part of the leg last Saturday by Policeman Fennegan, while resisting arrest. Smith was charged with carrying concealed weapons and when the officer went to his home to serve the warrant the negro resisted. He backed away from the officer and made an attempt to draw a weapon, but the officer snatched his own weapon from his pocket and shot him in the leg. The negro ran into the house and when Mr. Fennegan entered he submitted to arrest quietly. Smith is getting along as nicely as the nature of the wound will permit and Officer Fennegan is congratulating himself that he was not forced to wound the fellow more seriously in order to make him submit. Smith had threatened Officer Fennegan on a previous occasion for having arrested his brother, Dock Smith.
